## For Sale General

### Dollars for Smokey

Smokey Bear licensed products are unique and enriching in many ways. Did you know that money from these royalties supports fire prevention initiatives? Use 'em and market them to retailers. It helps us all!

Licensed products bring Smokey into your home or office and help kids love Smokey even more!

### Free access code

Interested in ordering Smokey Bear, Woodsy Owl, and fire education products from the [www.symbols.gov](http://www.symbols.gov) catalog? Contact your regional Conservation Education and Fire Prevention Regional Coordinators for the access code. Go to the resources map on our web site, click on your state, and find your federal coordinator. Remember — shipping cost is included in the price of the products. Thank you for your order!

## Education Services

### Woodsy Lessons

Kudos to Region 1's Pintler Ranger District for receiving \$10,000 from the 2002 Conservation Education Field Funding Program! They'll be introducing Woodsy to 50 schools with the "Help Woodsy Owl Recycle and Compost!" program. The program uses five activities from the Woodsy Owl Activity Guide.

## Personals

### Seeking Feedback for Self-Improvement

Look for questions about National Symbols products and services on the Conservation Education Customer Service survey. We want to know which of our products and services could stand some improvement. We're here to serve you! We look forward to your participation and valuable feedback.
